WASHINGTON NAVY YARD & NDW ANACOSTIA ANNEX

Navy Birthday Golf Tournament at Swan Point

Tuesday, October 5

Swan Point Yacht & Country Club started as a quaint, nine-hole golf course along the banks of the Potomac River in Southern Maryland. Then, in the late 80's Bob Cupp, world-renowned golf course designer and consultant to the Augusta National Golf was hired by U. S. Steel to expand and redesign Swan Point. The result is one of a very special and unique golfing challenge. As Washington Golf Monthly keeps saying, his design here remains one of the great publics of the Middle Atlantic. For golfers who know the Atlantic coast well, one image keeps coming to mind when they play here. They could swear they are in the Carolinas or on Hilton Head when they are on our course. Possibly it's because on 12 holes, either water or marsh can come into play. Perhaps it's because players share the fairways with deer, herons, osprey, and bald eagles.

What people always say about Swan Point is that if you blindfolded someone and drove around for a few hours, then took them out on the course and removed the blindfold, they'd think they were in North or South Carolina. Besides the getaway feeling on our fairways, you're going to be amazed at the variety of the scenery and the challenges.

Why not sign up right now for the NDW Navy Birthday Celebration Golf Tournament and experience first hand what

their semi-private course has to offer. Once you have tried their course, they guarantee that you're going to promise yourself that you must come back again.

The Navy Birthday Celebration Tournament will be held on Tuesday, October 5 with a shotgun start at 9 a.m. The tournament is open to all eligible personnel assigned to Naval District Washington. The tournament format will be Captain's Choice, 4-person teams. Cost includes green fee, golf cart rental, and lunch. Prizes will be awarded to the top five placing teams, with the last place team receiving a special award. Geico is sponsoring the Closest to the Pin Contest – winners will receive a gift certificate to the Swan Point Pro Shop. There will also be a Putting Contest, Longest Drive Contest, and four giveaways for a day of golf at Swan Point.

Register your team by September 17 and join MWR Sports for a great day of golf. For more information, contact the MWR Sports Office at 202-433-2269.

Navy's new "5-Miler" road race establishes tradition, identity

Naval District Washington's (NDW) Morale, Welfare and Recreation (MWR) program will establish a new Navy athletic tradition when it runs its first "Navy 5-Miler" October 6 at Anacostia Park in southeast D.C.

For many years the Army and Marine Corps, with the Army 10-Miler and the Marine Corps Marathon, were the only military branches to offer a race in the National Capital Region (NCR). These races provide representation and pride to their respective services and are what inspired the establishment of a Navy race in the NCR.

The race will be held each year prior to the Army 10-Miler and Marine Corps Marathon serving as a means of training people who will go on to the bigger races. This year, the Army 10-Miler will be held October 24 and the Marine Corps Marathon will be held October 31.

Now, in its beginning stages, the race will be a five-mile competition. Future plans for the race include moving it to the National Mall area and to increase the length of the run to at least 10 miles. For now, the team competitions will be for Navy only, and team categories will be made up of enlisted, chief petty officer and Navy officer teams. There will also be different age brackets to compete in. The age divisions are as follows: 19 and under; 20-24; 25-29; 30-34; 35-39; 40-44; 45-49 and 50 and over.

Awards will be given to the top three males and females in each division.

The Navy 5-Miler is open to all Navy and Department of Defense civilian employees. The fee includes a race number and a long-sleeve t-shirt. Contact the MWR coordinator at 202-433-2422 for registration details.

(The above are excerpts from an article by JO3 Stephen Murphy that appeared in The Waterline on Friday, August 20, 2004).
